About the CommCare Help Site

We do our best to keep the help site up-to-date but our technology is developing fast! If you have a comment or question about a specific page on the help site, we recommend leaving a comment on that page. We will be notified and follow up with your question; however it is important that you leave a comment while logged in so that you will be notified when we reply.

You can also export any page on the help site as a pdf document; after logging in select the "export" option under "tools."

If you have a question about using CommCare that is not addressed on the help site, don't hesitate to contact the CommCare Users Group.

If you are a developer and have a technical question, please contact the CommCare Developers Group
