

SMS Survey Tutorial

This tutorial will describe how to setup an SMS survey for your project. This builds on the application already developed in the [Messaging Beginner Tutorial](#), so please complete that tutorial before continuing. We will add an SMS survey to that application that will check with the mother if she has visited the clinic.

Learning Objectives for SMS Survey Tutorial

In this tutorial, you will learn the following:

- Creating an SMS Survey in CommCareHQ
- Sending an SMS Survey in a Reminder
